“ I took this picture of you, Betsey when you came to see me..what a wonderful time we had...at the Jake Owen concert I dared you to take off your bra and throw it on the stage like the young girls were doing!...We went to lunch and had such a great lunch we decided to go back to the same restaurant to have dinner and the same Manager was there and recognized us..we told him we doing a commercial for the restaurant...we were so bad...

We were friends almost 50 years and that was a long time but not nearly as long as the memory I will cherish of our friendship...

You were a hard worker... I have the last crocheted scarf you sent me..it has a place of honor in my home...

I can see you and Louise gossiping on some cloud someplace until somebodies ears turn red on earth....it will my pleasure to join you some day....RIP my Forever Friend...Love you....my heart is so sad today...but am comforted knowing you are no long in pain as you were always so busy and did not like slowing down..

My deepest sympathy to you beautiful family...you always talked of everyone and made them so real to someone who had never met them.....

Bobby, she loved you and felt so glad she had you even though she did not want to depend on you... but she really loved your being there to help...

We ran out of time too soon...there is never enough time.

“ I have so many wonderful memories of my Grandmother. She was more than just my Grandma she was a best friend someone I could always confide in. She was always here for me when I needed her. We had so many fun times hanging out at the pool, BBQing and her very favorite thing was going to consignment shops which we did a lot. I'm so very grateful that my boys Seanny and Brett got to really know their Great Grandmother it was such a wonderful gift. My Grandmother was one of the kindness and most selfless person you could ever meet. To know her was to love her. Till we meet again. I know she will visit me in my dreams. Now your with Mom and Aunt Jeannie.
