“ My thoughts are with all of you at this very difficult time. I am very happy that I had an opportunity to visit Nancy at the nursing home a few weeks ago. She loved sitting by the fireplace and talking. I have many great memories of Nancy. She had wonderful taste in everything and helped me pick out the tiles in my kitchen. Many of my memories involve Florida which Debbie and I used to visit together - one time staying with Nancy and George. A funny experience happened in Florida when my mother-in-law was driving with me in the front seat and Nancy and Debbie in the back. The conversation became so animated that my mother-in-law turned around to talk to Nancy, taking her eyes off the road and her hands off the wheel - luckily we were all okay. I had many meals in restaurants with Nancy and George (often having to change seats since there were drafts) - always enjoying myself. I knew that I looked good when Nancy said "dear you look great."

I will truly miss Nancy.
